Professional Summary

2 years of hands-on experience building modern, responsive, and performance-driven web applications using React.js, Next.js, JavaScript, and TypeScript. Strong background in transforming UI designs into scalable, user-friendly interfaces and integrating frontend applications with APIs and CMS platforms. Experienced in state management, responsive layouts, and performance optimization. Adept at working remotely, collaborating with cross-functional teams, and delivering production-ready applications.

Core Skills

Frontend Technologies

React.js, Next.js, JavaScript (ES6+), **TypeScript**, HTML5, CSS3

State Management & Styling

Redux, Tailwind CSS, Bootstrap, CSS Modules

API & Integration

REST APIs, CMS Integration, Third-party API Consumption

Performance & Best Practices

Responsive Design, Accessibility, Performance Optimization, SEO-friendly UI

Version Control & Tools

Git, GitHub, VS Code, Figma

Professional Experience

Frontend Developer

Marvel Creative Media — Lagos, Nigeria

Nov 2019 – Present

- Designed and developed responsive frontend applications using React.js and Next.js, delivering modern user interfaces optimized for performance and accessibility.
- Converted UI and Figma designs into reusable, scalable components, ensuring consistency across applications.
- Integrated frontend applications with REST APIs and CMS platforms to support dynamic content delivery.
- Implemented state management using Redux and optimized component rendering to improve application performance.
- Improved website load times and responsiveness, contributing to a 20% increase in user retention.
- Collaborated remotely with designers and backend developers to deliver production-ready features within deadlines.

Previous Experience (Relevant)

WordPress Developer

Proxynet Communications Ltd — Lagos, Nigeria

Jun 2019 – Nov 2019
